

Polish Baltic Sea | Swinoujscie - Gdansk - 9 days

Come to Usedom and go on a bike tour along the sunny golden coast line of the Polish Baltic Sea between Swinoujscie and Gdansk. You will cycle through breathtaking landscapes and experience Pomeranian and Hanseatic culture very close. The nature is marked countless little lakes, intensively green wood land and of course by the endless dunes of the Baltic Sea. In contrast to this quiet and harmonic nature you will discover lively and charming seaside resorts and medieval towns and villages of an astonishing architectural elegance. And last but not least you will come to the impressive metropole town of Gdansk. The changeful history, marked by Slavs and Prussians, has created a unique townscape over the centuries. And let's not forget that the Gdansk Shipyard gained international fame when Solidarity (Solidarnosc) was founded here in September 1980 by Lech Walesa, who later became the first president of Poland in the post-Soviet era.
